

## ***DREAMLAND***

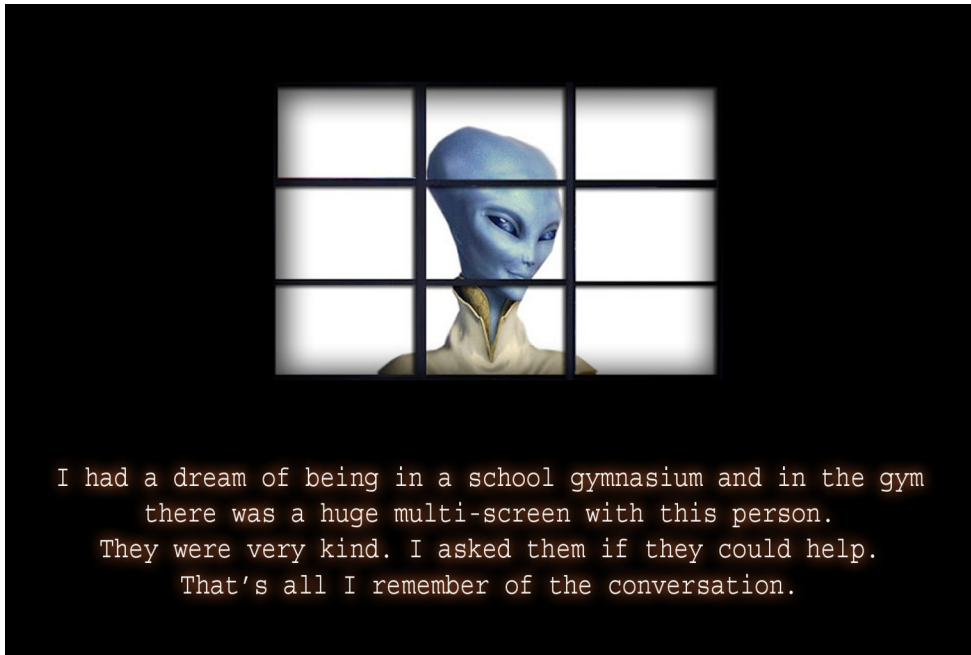

In this Document I share the screenshots of the World I created which is called, DREAMLAND. Dreamland is a 3D world I created for the opensim/Second-life Hyper-grid. It is a world where I recreated dreams, experiences and open visions as close as possible as to what I personally experienced and I put them in this world so others can experience what I experienced in 3D. My message is clear, we are not alone, we are all one with the Divine Source, the true creator of all. This world also serves to show we are all loved deeply by Source/The Monad/The Pleroma and the Universe, Yeshua and our higher selves. It is also my hope one or more of these images brings something to your remembrance. Although you may see some well known people, it is only because I had seen them in dreams and/or open visions. I do not like politics, I have no preference to any political party and I do not like religion. I believe in Spiritual ascension, Finding one's own path to remembrance of who we truly are in our own path. Below are images/screen captures of the creations that I recreated from dreams, open visions and experiences and placed in the world Dreamland. Images are not in any particular order. Those not dated are because I couldn't remember exact date when I recreated what I seen.

If you would like to see the video of inside Dreamland, go to:

After many months I just had couldn't sleep very good at night. You know... when the mind doesn't shut off? One night a being appeared in front of me in an open vision and I seen this image. They said.....  
"Make a wish" being frustrated from trying to get sleep I said: "I wish I could get a decent night's sleep." Instantly, all went dark and I woke up the next morning feeling great! It stayed that way for a months, sleeping great at night until recent world events. I guess it's time to make another wish!!!

I had a dream of being in a school gymnasium and in the gym there was a huge multi-screen with this person.  
They were very kind. I asked them if they could help.  
That's all I remember of the conversation.

2 open visions of different air ships. This one and one of metal. The one of Metal, I could hear the sound of the metal when it stopped. Although these are not exact to what I saw, it's as close as I can get it.

Dream of the blinders being removed from people's eyes. Zoom in to read the text for details.

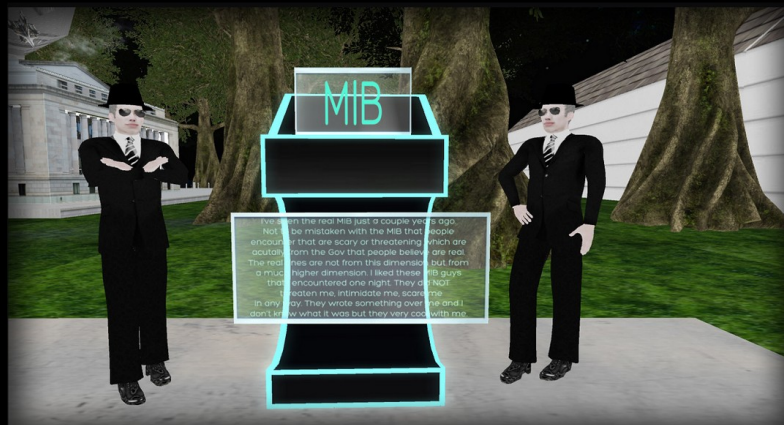

I met 3 Star Family members. They were talking to me although I don't have much memory of what was said. I felt such a strong love from them. Unlike anything I ever felt before.

DREAMS OF A BLACK ARMY. Zoom in for details.

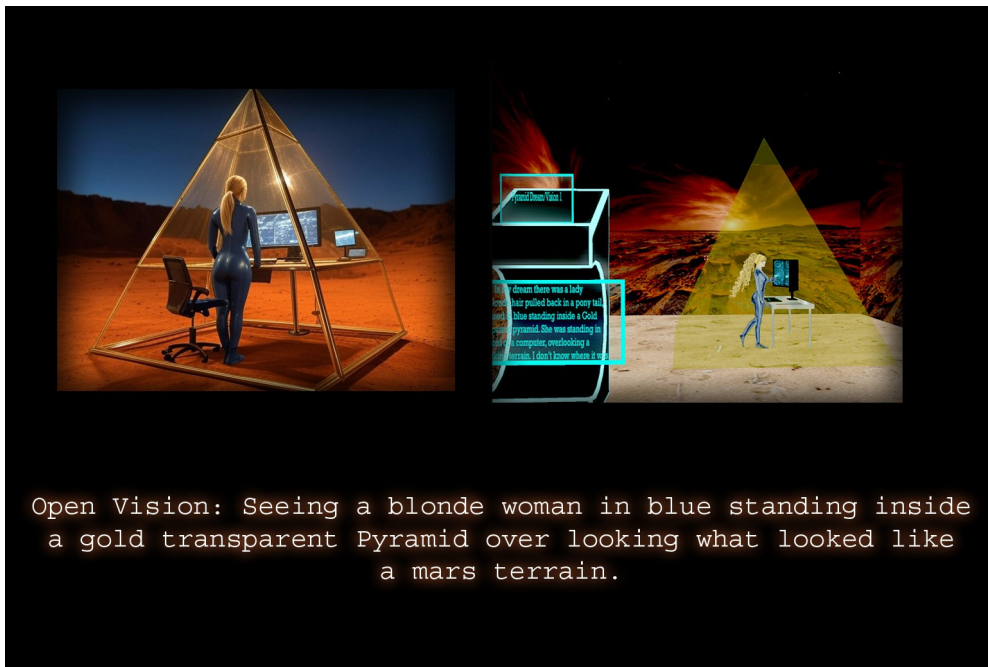

I kept asking the Universe to help me remember and that night I had a dream of being in a large Marble building with a couple of people and they showed me a wall of portals. I kept saying "I remember this, I remember this!!!"

Not everything is as bad as it's made out to be. I seen these guys and they didn't scare, threaten or intimidade me in any way. The acted like 2 cool normal guys. They wrote something above me. Zoom in for details.

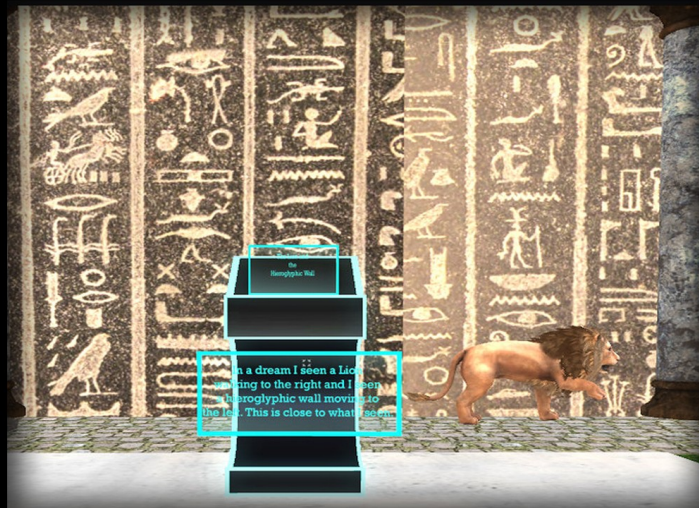

Open Vision: Seeing a blonde woman in blue standing inside a gold transparent Pyramid over looking what looked like a mars terrain.

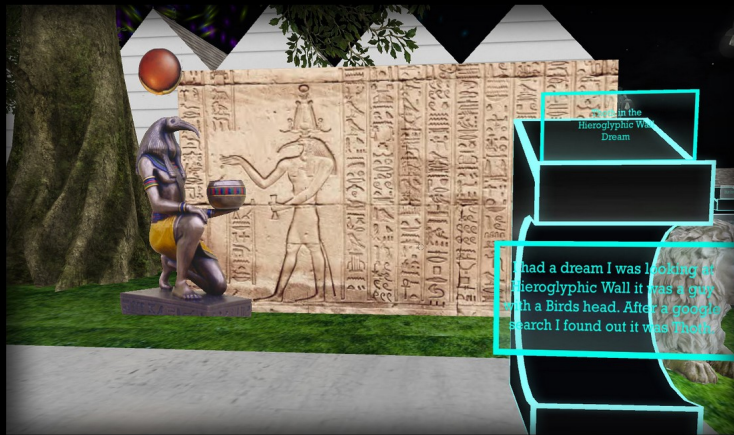

Dream of Speaking to a Egyptian White male sphynx in a bunker sitting behind a desk,talking to me.  
 It turned out it was inside the Pyramid.

I had an open vision of seeing my office door fly open and a very strong white glowing light was seeing through the door. The frame and door was pure white. The brilliance of the white glowing light, you couldn't see into the office.

**Planet Alignment**

Six planets will align in the night sky in January 2025. This planet parade will be visible for several weeks.

*Dream Confirmed on:*

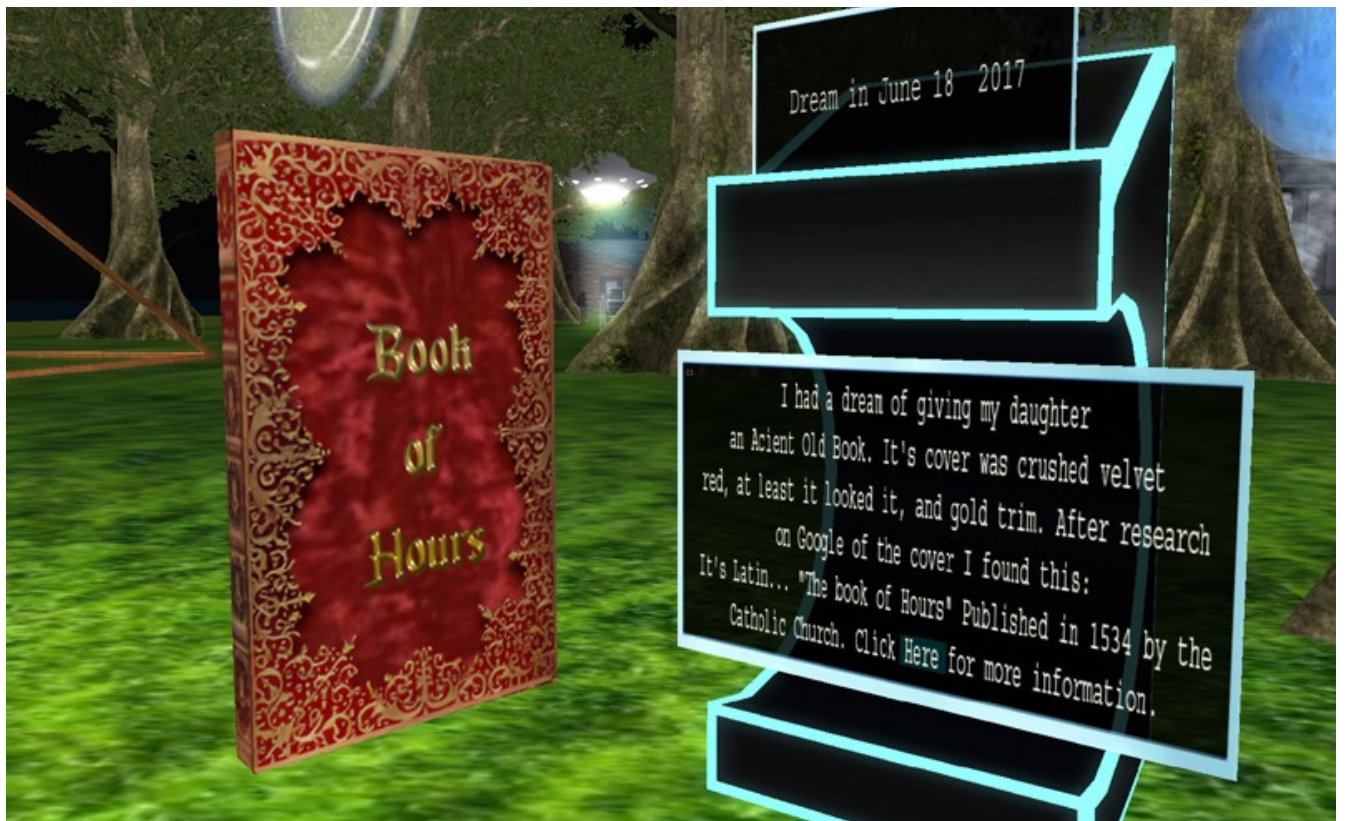

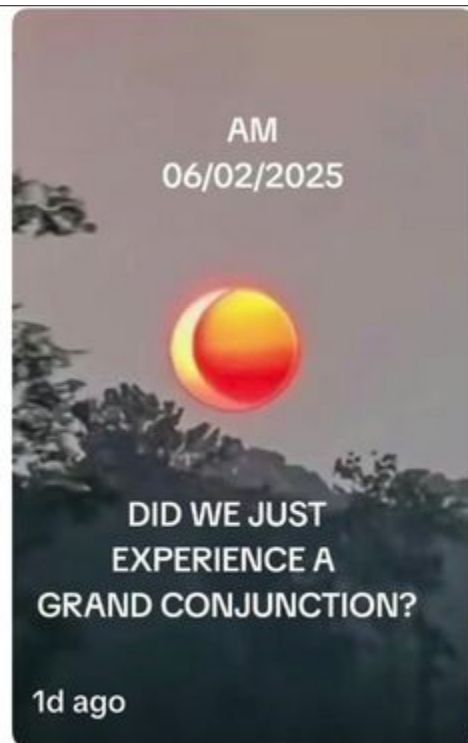

*January 25, 2025*

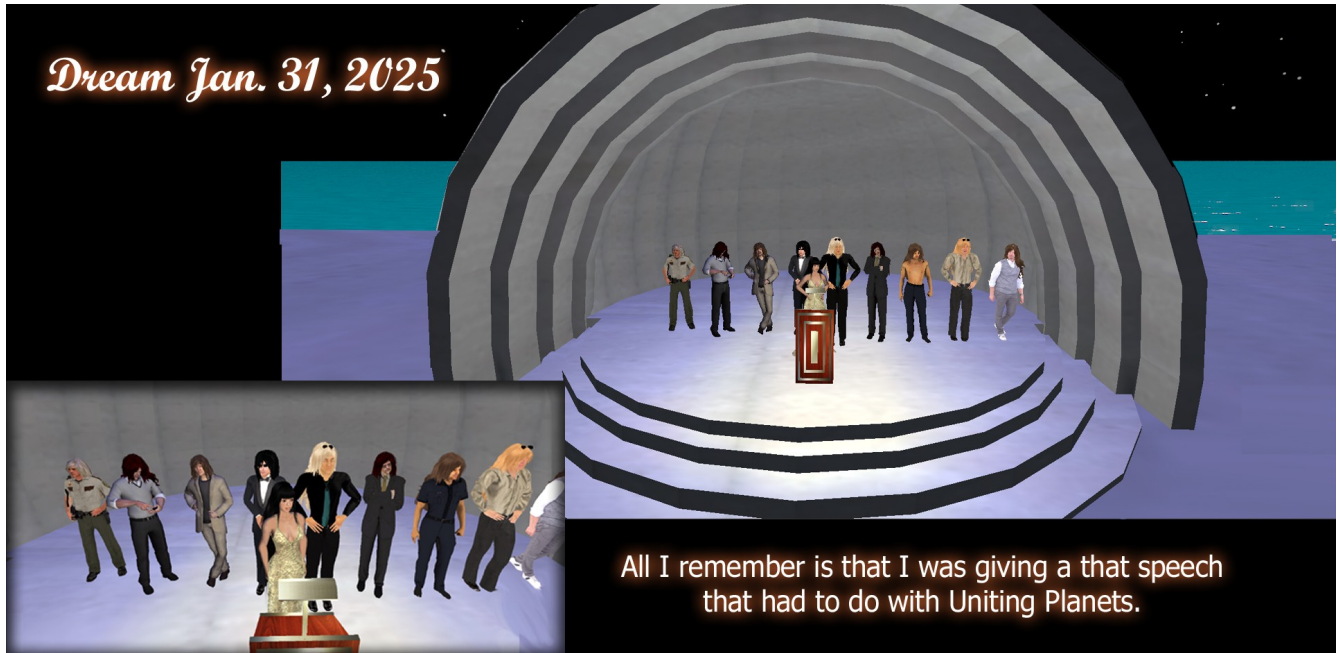

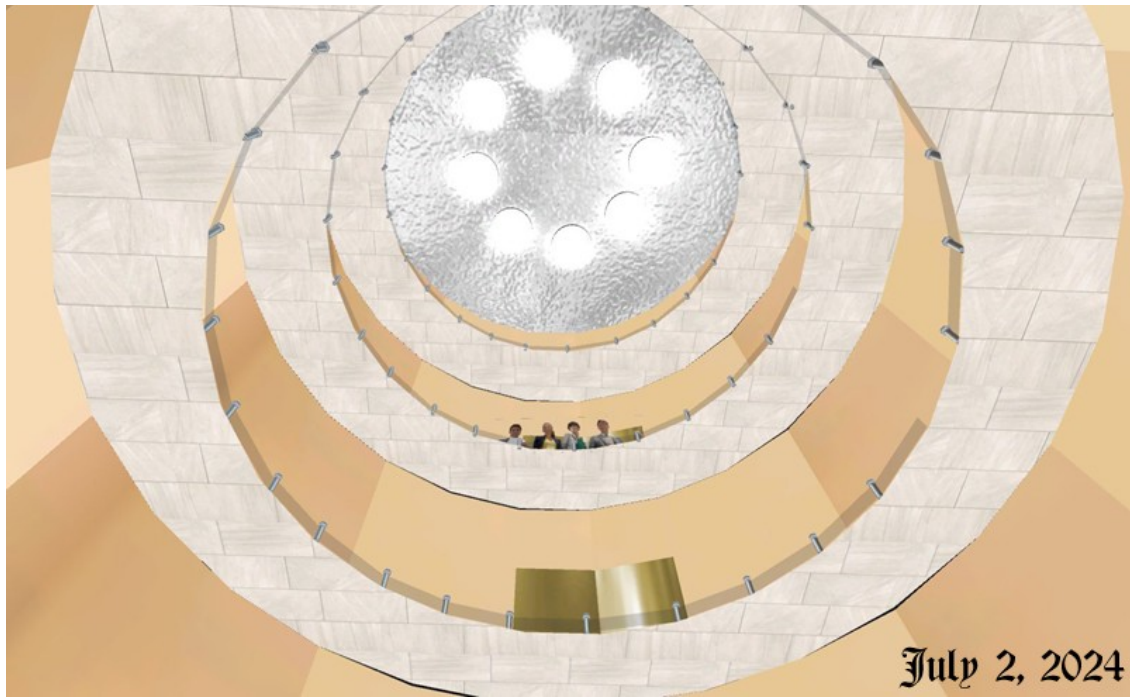

I dreamed I was in a futuristic city and there were a lot of people dressed in white. There was a white fog/mist in the city. People were there all dressed in white and jumping around all excited because the planets were getting ready for a Parade. The Planets looked really close to the city as if they were assembling for the parade. I heard one of them say, "We have to wait until the Parade of the Planets. Then in January the "Parade of the Planets" took place between January 21 through the 25th of 2025. I don't know what follows from here, but that is my dream.

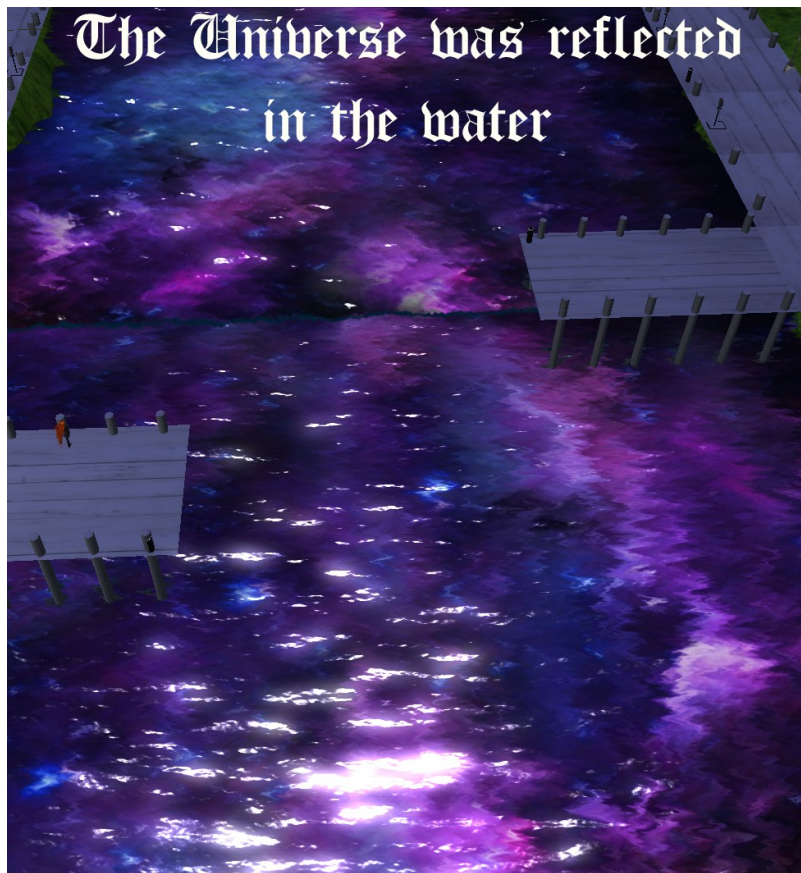

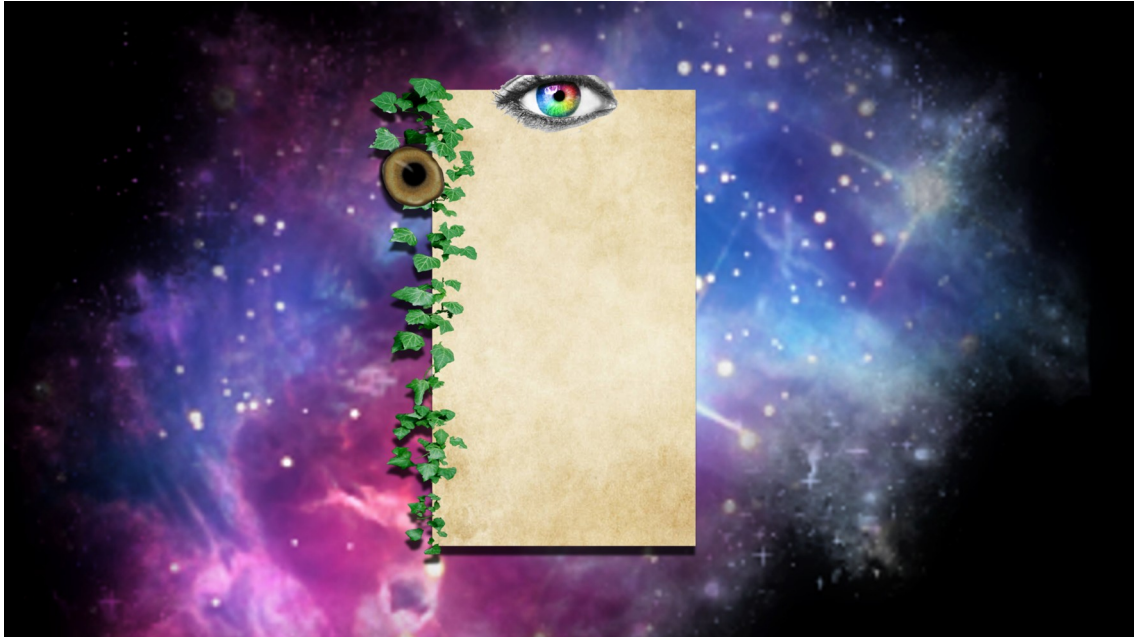

June 2011, I stepped outside and something made me look up. I Seen what looked like a giant metal bug in the sky. I ran in to get my phone to take a pic but when I came out it was gone.
